ABOUT CHIPOTLE
Steve Ells, founder and executive chairman, started Chipotle with the idea that food served fast did not have to be a typical fast food experience. Today, Chipotle continues to offer a focused menu of burritos, tacos, burrito bowls, and salads made from fresh, high-quality raw ingredients, prepared using classic cooking methods and served in an interactive style allowing people to get exactly what they want. Chipotle seeks out extraordinary ingredients that are not only fresh, but that are raised responsibly, with respect for the animals, land, and people who produce them. Chipotle prepares its food using real, wholesome ingredients and without the use of added colors, flavors or other additives typically found in fast food. Chipotle opened with a single restaurant in Denver in 1993 and now operates more than 2,400 restaurants. For more information, visit Chipotle.com.
